Lohocla Research to Present at 2021 BIO Digital

Local Biotech selected to present at world's largest virtual partnering event.

Aurora, CO, 9 June 2021 – Lohocla Research announced today that it has been selected to deliver a company presentation at [2021 BIO Digital](#), the premier biotech event. BIO Digital is scheduled June 10-11 & 14-18, 2021.

Jim Finster, COO will present the Lohocla's first-of-its-kind, non-opioid pharmaceutical for the treatment of chronic pain. The presentation will be available to registered attendees at 9 am ET June 10.

Attendees at BIO Digital will be able to view Lohocla's Company Presentation before live meetings in the BIO One-on-One Partnering™ system begin on June 14. To meet with us at BIO Digital, you can find registration information [here](#).

About Lohocla Research: At Lohocla Research Corporation, we work towards one goal: developing products that improve people's lives. Understanding the challenges of chronic pain and addiction, we focus on transforming the lives of patients suffering from these conditions. Built upon a rationally designed, proprietary molecular platform, we have developed a first-of-its-kind molecule that selectively modulates a discrete set of receptors involved in the chronic-pain signal pathway in overactive peripheral nerves.
